# PRAISE

---

"Christopher's ability to connect the dots of a concept from the musings of a client and then to crisply and boldly bring it into form astounds me. The fact that he is also prompt, technically astute and helpful throughout the creative process makes him a reliable go-to-artist extraordinaire."

- **Julie Sulik, Fan Free Clinic Communications Coordinator**

"I hired Christopher to handle the design and creative work for all of the print and electronic marketing associated with the 2016 Virginia Wine Expo. He does a great job! He elevated the Expo brand through his talents and at a cost that is friendly to my bottom line. I really like Christopher's work - he's amazing! He's creative, innovative, communicative and respond well to feedback. Also, Christopher knows how to work well under time pressure. Many times I've needed design work done with a hard deadline and he's been able to respond rapidly without compromising quality. I strongly recommend him."

- **Alex Papajohn, Owner, Variant Events LLC**

"Christopher Murphy is an extremely talented graphic designer whose work is consistently fresh and innovative. He is equally capable translating a very specific vision for a client or working with a minimum of input on any project that is given to him. He makes every client feel that they are his top priority and he delivers a superior product in half the time his competitors would need. I highly recommend Christopher Murphy!"

- **Jay Day, Owner, Tongueincheek Entertainment**

"There is nothing like working with a seasoned professional, someone whom you can rely on for a quick response and a quality end product. In working with Digital Empire Graphics, I have been nothing short of amazed at my finished products. Even in making modifications and tweaks to some of the designs (mostly due to my own last minute changes and updates), there was never any hassle or a thought that I was an inconvenience. As a business owner, it's a relief to find a vendor that you actually enjoy working with and want to utilize time and time again. I'm definitely a satisfied customer and will continue to work with Digital Empire Graphics in the future."
